

During WWII the government used posters to encourage its citizens to plant Victory Gardens.

Nowadays...The values inherent in the wartime Victory Garden movement are making a comeback, including thriftiness, self-reliance, an awareness of where one's food originates, and the potential for gardening to bring communities together.

Year: 6 - Spring 1

Subject: DT

Topic: WW2: Dig for victory

Line of inquiry: What was grown in a 'Victory Garden'?

What will we be discovering and achieving in our lessons?

- To identify and consider the contents for a modern-day victory garden
- To prioritise and devise a plan for a modern-day victory garden
- To design and annotate a modern-day victory garden
